

DANX CAROUSEL FOUNDATION

Purpose of the foundation

The purpose of the DANX Carousel Foundation is to support projects and activities based on the DANX Carousel group's three company values: Caring, Learning, and Ownership – with a particular emphasis on the former two.

The Foundation also supports the group's work with the UN Sustainable Development Goals – specifically goals number #5 (Gender Equality) and #8 (Decent work and economic growth).

The DANX Carousel Foundation may release funds as described below.

Learning

The DANX Carousel Foundation supports various forms of learning and education for our own employees, and we also support external talents that are:

- **directly linked** to DANX Carousel employees through family
- are **working within the logistics industry**, or
- are connected to DANX Carousel as **subcontractors/independent hauliers**

Caring – community support and donations

The DANX Carousel Foundation will support charitable causes in the nearby communities such as:

- Local projects that are taking place in the countries where DANX Carousel Group is present. The local projects will promote the values of Learning and Caring and will through that focus to promote relevant causes within i.e. diversity and inclusion as well as a positive social impact.
- Every year the foundation will select one larger charity to partner with and work with for a longer period of time.

APPLICATION FORM

Please add the below information in order to apply for funds.

DATE OF
APPLICATION

PERSONAL INFORMATION:

NAME:

ADDRESS AND
COUNTRY:

PHONE:

EMAIL:
